

JOHN T OBERLE

3841 South Commerce Rd
Watertown, TN 37184
Home 615-237-0703
Cell 615-372-4540

My objective is to utilize my acquired skills in the security and fire industry to promote exceptional customer service with knowledge, honesty and integrity.

QUALIFICATIONS

I have seventeen years of experience installing, servicing, and training of a wide variety of fire, security, CCTV, and access control systems to a large client base; including commercial, industrial, federal, and residential customers. I have a strong passion for customer retention by excellent service, education, and training. I have extensive experience in estimating, design, project management, educating, and supervising crews on multiple projects. Licenses and certifications including TN. Qualifying agents license, Utah Qualifying Agent, Ohio commercial fire alarm license, Nicet level III fire alarms, Nicet level I special hazards, Nashville low voltage license, Northern computers, GE Alliance, DMP, Pelco 7000 series, Radionics, Faraday, Honeywell, Firelite, Homeland Security Certified, and OSHA certification.

Past Projects

U.S. Marshall's Service: CCTV, Intrusion detection, Access control. I have been in charge of installing and servicing multiple projects ranging in price from 10,000 to 300,000 dollars.

The Gap Southeast Distribution Center: Fire, Intrusion detection, CCTV, and Access control. This was an approximately 1.5 million-dollar project.

Nashville State Technical School: This was a campus wide CCTV installation of 138 Cameras and a one building fire alarm upgrade at 300,000 dollars, which I helped design, estimate, and project managed.
